THE GREATER AKRON AQUARIUM SOCIETY

WHO ARE WE? We are a local group of aquatic enthusiasts. Formed in 1952, the Greater Akron Aquarium Society is a non-profit, non-commercial organization. Our membership ranges from the beginning hobbyist to the advanced aquarist with many years of experience. The goals of our club are to promote the care, study, breeding and exhibition of aquarium related aquatic life and to promote interest in the aquarium hobby.

MEETINGS: Our meetings are held on the second Friday of each month at 8:00 p.m. at the Ritchie Memorial Shelter House, 109 West Avenue, Tallmadge, OH 44278. It is located West of Tallmadge Circle with access from Sperry Ave., behind Vet Clinic and across from the Chevrolet dealer. Visitors are always welcome, it costs absolutely nothing to attend a meeting and look us over.

MEMBERSHIP: The cost is only \$10 for adults, a couple or a family (includes children under 10 years of age) and \$5.00 for a junior membership (10 to 17 years) Membership provides an opportunity to socialize with others that share your interests, a subscription to our bi-monthly magazine and more.

AGENDA: Our meeting agenda is simple and informal. The meeting will begin at 8:00 p.m. with a short business meeting. Immediately following is the program for the evening which usually lasts about 45 minutes. Our programs consist of a speaker, slide program, movie or perhaps a panel discussion always on a particular subject related to the hobby or various species of fish. Following the program is a short refreshment break. After which the winners of the Bowl Show are announced, the Breeder's Award Program fish are auctioned and tickets are drawn for the raffle.

THE BOWL SHOW: Each month members can bring in fish for specific classes to compete for first, second and third place awards. The charge for each entry is only \$.25. Members also compete for annual awards by accumulating wins throughout the year.

BREEDER'S AWARD and HORTICULTURE AWARD PROGRAMS: members can receive recognition for spawning species of fish or propagating aquatic plants. All that is required is to turn in a minimum of six fry from the spawn that are between 30 and 90 days old. Members earn certificates for each species and can work towards plaques in different categories.

EQUIPMENT RAFFLE: The raffle table has such items as tanks, fish food and aquarium accessories that are donated by national manufacturers, area dealers or purchased by the Society. Tickets may be purchased by anyone attending the meeting. Save your losing tickets for the Christmas Party raffle.

ANNUAL SHOW: The Ultra-Aqua show is held during the summer at the Tallmadge community Center. This has become one of the largest all-species tropical fish shows in North America. It is an international gathering of hobbyists to display their fish in class competition, talk fish and to learn about the hobby from each other.

TANK TOPICS: is published on a bi-monthly basis for the members of the Greater Akron Aquarium Society. Articles and comments for this publication are welcome and encouraged. Such articles are to be submitted no later than the board meeting prior to publication. All articles may be reprinted as long as the author(s) and GAAS are given proper credit. Please send any correspondence regarding this publication to:

Editor/Tank Topics, P.O. Box 494, Akron, OH 44309-0494 or email to dwilliamson223@hotmail.com

President's Message

Well hello folks,

With the nice weather we have had it is easy to forget about our little friends in our tanks. Unlike dogs or cats they cannot jump up on you to remind you to feed them. Enjoy the weather but remember your responsibilities to our fish.

The show went very smooth, no stumbles there, the number of entries were up and we had some very nice entries, judging was difficult at times but overall I think we had a good show, the auction made money and we paid

the bills.

On a side note, we are going to have a class for the growth program fish in the show next year. The Youngstown Fish club got some of the same fish we did and both clubs will be entering in that class, so keep pumping the food to those fish and help us win the class next year!

Well enjoy the weather see you at the meeting,

Bud

Editor's Message

Dave Williamson

We survived yet another fish show! Honestly, this one was pretty painless thanks to all the members who turned out to do all the things that need done. From helping set up the racks on Friday night to registration and the pre-judging paper work and the party on Saturday. Then the judges, auctioneers and runners who made everything happen and finally the clean-up and tear down on Sunday. Give yourselves a round of applause!

Don't forget about our "Have you ever rescued a fish?" articles. I've received two so far. I would like to run them in the next issue so you still have some time.

Coming up at the August meeting we will be having a picnic to thank our members for the hard work at the show. The club will supply the main dish, just bring a "picnic" inspired side or desert to share. While you're at it we also would like to do a fish "potluck". . . Bring in something you've got and you take home someone else's. Could be fun!

I'll see you at the meeting!

BAP/HAP Report

Wayne Toven

Summer is officially here, and our annual all species show Ultra – Aqua is history for another year, we had a few more entries than last year (351 total), so I guess that is a plus. You would think that since we are the only all species show in northeast Ohio now, that there would be more participation from members of other local fish clubs. But where were those members? Not at our show! Those other fish clubs used to all host shows many years ago, but that's all gone away, now we the Greater Akron Aquarium Society is the only chance for people to have their fish of any species and other things earn them some money, without having to sell them. Are the local fish keepers not proud of their prize fish? We had entries from people from New York, Pennsylvania, Michigan, and central Ohio (Columbus), the best representation of a local group from northeast Ohio was by the Youngstown Area Tropical Fish Society. Maybe next year will be better, we can only hope! I personally have been showing one of my catfish for 15 years now, and will continue to do so as long as possible.

The temperatures have stabilized somewhat, enough to have moved fish to my outdoor tubs, there is at least

one species per tub, a few have two species. Within three days of being moved two species of rainbow fish have already laid eggs. I learned how to make havens for small fish thanks to our January meeting's speaker, maybe now I will have better survival rates for some of the rainbow fish fry.

On to the business of the Breeder and Horticultural Award Programs, I am still waiting for the first plant propagation or flowering for the year. No spawns were turned in at the May meeting, and only two spawns were turned in at the show auction. We are a little behind last years totals as of this month of June, come on people, every member in good standing is eligible to participate in both of our programs. Only five months left to go for the year, to get in the running for Breeder of the Year, and Horticulturist of the Year.

Membership Report

Don Youngkin

As you would guess from the title of this column, it is about matters related to membership. In it, you can find information about the attendance of the meetings. New members will also be welcomed here, as well as giving members advance warning of expiring memberships.

When you attend a meeting, please be sure to sign in. This will make you eligible to the door prize drawing. Additionally, attendance at GAAS events, including our Auctions, will also earn you tickets for the raffle drawing at the annual Christmas Party. But, you must sign in for your attendance to be recorded.

We had 17 members sign-in at the May meeting, with Rich Serva winning the door prize. The set up for our Ultra Show took the place of our June meeting.

We would like to welcome the following new members: Rik, Dana, and Violet Borger

We would like to thank the following for renewing their memberships: John Kaminski

The memberships for the following people expire in July: Matt Pidgeon Nicole Youngkin

If you have any question about the status of your membership, you can either see me at our meeting, or email me at the address listed on the front page of this newsletter.

Membership forms can be found in this newsletter and on our website. Forms are also available at our club functions, including our Auction.

Meeting Notice - Do Not Delay

Meeting Notice

Friday, July 14

Program: The Greater Akron will be hosting a build an air manifold workshop at the July meeting. Since members' needs are different, we will assist each member that attends and wants to make a manifold in building a customize manifold for their fish room.

Bowl Show: Native Fish,
Angelfish & Discus, Aquatic Plants

Friday, August 11

Program: Summer Picnic, so let's party! GAAS provides the main dish, bring a side or desert to share. Members fish swap, bring in something good to add to the selection, GAAS will supply a selection also, tickets will issued and drawn, just like at the Christmas party.

Bowl Show: Platies,
Rainbowfish, Amphibians

General meetings begin at 8:00 p.m. at the Ritchie Memorial Shelter House
